

VARNISHED WOOD FLOOR DAILY CLEANER

PRODUCT DESCRIPTION

- Blanchon VARNISHED WOOD FLOOR DAILY CLEANER is the perfect partner to metallized polish treatments on varnished wood floors. It is easy to use, even without special equipment. It cleans, protects and gives shine to varnished wood floors subject to heavy wear (as well as wood floors with factory-applied varnishes).
- VARNISHED WOOD FLOOR DAILY CLEANER is a powerful detergent combined with a polyethylene wax emulsion. This combination means it cleans the floor and gives it a beautiful finish in a single step (on varnished wood floors, plastic flooring and hard floors such as marble, tiled floors, limestone, etc.).
- VARNISHED WOOD FLOOR DAILY CLEANER is a white, lightly-scented liquid

SUBSTRATES

WOOD FLOORS

- VARNISHED WOOD FLOOR DAILY CLEANER may only be used on varnished wood floors treated with a metallized polish.

PLASTIC FLOORING

- The best results are obtained when the floor has been treated with a metallized polish

HARD FLOORS

- Apply directly with a damp mop. For best results, use a buffing machine.

DIRECTIONS FOR USE

- VARNISHED WOOD FLOOR DAILY CLEANER is a concentrated, powerful product that should be highly diluted before use. Dilute 1 or 2 glasses of the product in 10 litres of water. Diluting less does not give extra effectiveness

WOOD FLOORS

- Damp mopping*: Apply the cleaner with a sponge mop, a dust mop (Faubert), a floor cloth or gauze cloth. For maximum surface coverage, apply with a damp gauze cloth mounted on a trapezoid brush.
- Optionally, you can polish the floor with a buffing machine fitted with a beige or white pad

**You should never wet a wood floor: use only damp mops and cloths, never soaking wet ones.*

PLASTIC FLOORING OR HARD FLOORS

- Apply the diluted cleaner with an applicator mop or a floor cloth and do not rinse.
- Polish the dry or damp surface with a buffing machine fitted with a beige or white pad to give the floor a beautiful shine. The protection becomes truly effective after 4 or 5 applications

TOOL CLEANING

- Clean mops and other equipment immediately after use with water. Do not pour down the drain

Pleasant scent

Neutral cleaner

Suitable on wood floors and plastic flooring

VARNISHED WOOD FLOOR DAILY CLEANER

DILUTION

- 1 or 2 glasses (50 to 100 ml) to 10 litres of water.

STORAGE

- 1 year in the original unopened container. Protect from frost: take care if storing in vehicles.
- Seal the container properly after use.
- Refer to the relevant Safety Data Sheet (also available on www.blanchon.com or www.quickfds.com).

MAINTENANCE AND REFINISHING

- VARNISHED WOOD FLOOR DAILY CLEANER can be applied over itself for maintenance and refinishing.
- EVERYDAY CLEANING: Use a vacuum cleaner, broom or lambswool cloth. From time to time, clean with a damp mop or floor cloth - never use soaked equipment.
- Occasionally apply a thin coat of Blanchon VARNISHED WOOD FLOOR PROTECTOR for a perfect finish.

NB: VARNISHED WOOD FLOOR DAILY CLEANER can also be sprayed onto the floor. Dilute it (diluted at 50% with water) and use a buffing machine fitted with a red pad.

TECHNICAL DATA

USE	MAINTENANCE OF VARNISHED WOOD FLOORS TREATED WITH A METALLIZED POLISH
RESIN TYPE	Acrylic
WAX TYPE	Polyethylene
AFNOR CLASSIFICATION	Family I, Class 7b2
